

# INTRODUCING AXIOM GROUP'S EXPLORATION, GEOLOGICAL, GEOPHYSICAL AND ENVIRONMENTAL ADVISORY SERVICES

At AXIOM, we understand the unique challenges faced by junior exploration companies. That's why we offer a comprehensive suite of advisory services tailored to each client's needs and situation. Our **"1 face 10 brains"** system will provide you with a dedicated senior geologist specializing in project management and coordinating teams to ensure the job gets done and done right.

**Axiom provides tailor-made consulting services across the entire spectrum:**

## EXPLORATION PROGRAMS

Preparation and execution of exploration strategy, plans, and budgets, including managing contractors, project evaluations, and more.

## PROJECT MANAGEMENT

Planning, tendering, management, implementation, and supervision of exploration field programs; fulfillment of legal/administrative/operative requirements.

## QA/QC REVIEWS

Organization of QA/QC protocols to deliver valid information for use in NI 43-101 compliant resources, Preliminary Economic Assessments, and more.

## MARKETING & COMMUNICATIONS

Build broad market awareness, relay your value proposition, and present your data in a way that appeals to the market and complies with regulations.

## PROJECT DESIGN

We plan and implement sampling programs to get the data you need at every stage of project development.

## TARGET GENERATION

Assessment and validation of data to pinpoint highly prospective areas and generate exploration targets.

## PROJECT LOGISTICS

Complex project? Remote area? No problem. Let us handle your camp and project logistics.

## GEOPHYSICAL CONSULTING

Get the best results from geophysical surveys and make the most of your data.

## FIELD MAPPING

Extend or identify potential new deposits through geological mapping and structural analysis.

## MINERAL RESOURCE ESTIMATION

High-quality, fit-for-purpose data verification and resource estimations.

## CODE-COMPLIANT REPORTING

Compilation of code-compliant mineral resource reports.

## TRAINING & COURSES

Customized training and courses to help upskill your personnel.

Contact AXIOM today to learn more about how our advisory services can benefit your company.
